

### Brookside Capital Partners has invested over **\$1 billion** across four funds since its founding in 2001

Brookside Capital Partners (“Brookside”) is a leading provider of flexible capital solutions to small and mid-sized companies throughout the United States. We understand that every company and situation is unique, so our investment approach is tailored to meet the needs of our portfolio companies. Our capital solutions include subordinated debt, unitranche loans, structured junior capital and minority equity capital. We have a long track record of providing capital across a diverse set of industries, including business services, consumer, distribution, healthcare services, manufacturing, transportation and logistics. The professionals of Brookside are a proven team with extensive and complementary investment experience in the lower-middle market, with over 215 collective years of investing expertise in mezzanine finance, leveraged lending and private equity that enables us to identify and evaluate market opportunities across various industries and business cycles.

#### INVESTMENT CRITERIA

- Revenue greater than \$15 million
- EBITDA greater than \$4 million
- EBITDA margins greater than 10%
- Stable historical performance and predictable cash flows
- Strong management teams
- Identifiable competitive advantages

#### INVESTMENT STRATEGY

Brookside Capital Partners has extensive experience working with management teams, private equity sponsors and intermediaries to structure transactions that makes sense for each unique situation. Brookside generally invests \$5 million to \$30 million per transaction and has the resources to complete larger transactions by partnering with its limited partners and associates. We invest in both sponsored and non-sponsored transactions and provide debt and equity capital to support:

- Leveraged buyouts
- Recapitalizations
- Strategic acquisitions
- Growth
